

## Activities in May and June

**DEUTSCHER  
DIVERSITY-TAG**

**charta der vielfalt**

# What's it all about?

How do military structures work? And what are our scientists up to?

Getting into conversation with each other, promoting understanding for different areas and (field) cultures, breaking down prejudices through knowledge and open exchange:

Around Diversity Day on May 27, UniBw M will be showcasing its different facets with various activities, workshops and lectures. The events are mostly offered from May 26-28. We would also like to draw your attention to similar events taking place in mid-May or in June.

We look forward to your participation and hope you enjoy immersing yourself in other or perhaps not so different worlds.

**Thanks to everyone  
involved!**
