Office

HQ Information, Communication,
Technology Management

To strengthen the Alliance
through connecting its forces,
the NCI Agency delivers
secure, coherent, cost effective
and interoperable
communications and information
systems and services

“Connecting Forces”

Role within NATO for CIS and C3

The role of the new NCI Agency is defined under the NCIO Charter as follows:

Covering the entire capability life cycle, the NCI Agency will act as NATO's principal C3 capability deliverer and CIS service provider for the full range of its entitled requirements holders and customers. It will be, to the maximum extent feasible, the provider of IT-support to NATO business processes (to include provision of IT shared services) to NATO HQ, the NATO Command Structure and NATO Agencies (including itself).
